

## GETTING LIVELY SAYS MINE OWNER

MINING FIELD TRIBUTARY  
TO JERSEY LILY  
CATES RETURN TO OLD-  
EN TIMES

(From Tuesday's Daily.)  
"For the first time known in many years, that section of Hassayampa district where the wagon road to Jersey Lily crosses the river, is the scene of olden times," said Fred J. Smith, the mining man who was in the city yesterday. He mentioned the fact that practically every claim within a radius of five miles was active, and while the work going on was principally to perfect title, this condition nevertheless reflected the interest shown by the owners to have their holdings protected.  
Smith states that more activity in this line, in short, is noticeable this year than ever before, which is considered as an omen of the near future of a return to better times. Another matter mentioned was that engineers are scouting the country, and half a dozen are making examinations at the same time. The advent of the Maricopa Queen Oil Co., into the mining business in that field started the movement to revive many old time locations, as well as several deals pending for properties that bear a good rating. Smith anticipates a boom and says that several gold deals are ready to be closed up.

## CHANGE NAMES OF TOWNS AND SQUARES

PARIS, Dec. 14.—Correspondence of the Associated Press.—The Paris municipal council has decided that the name "Albert" shall be given to an avenue or public square in Paris in honor of the King of Belgium.  
The Rue de Berlin has already been changed to the Rue de Liege and it is proposed to give a Belgian or English name to the Avenue de l'Opera, which before 1870 was the Avenue Napoleon. The former Avenue d'Allemagne is now the Avenue Jean Jaures.  
The city of Rouen has changed the name of the Boulevard Canechois to Boulevard des Belges.  
The Place de la Gare in Orleans has been changed to Place Albert I. and two bridges over the Loire have been renamed George V. and Nicholas II.  
This is only the beginning of the radical changes of nomenclature that will in all towns of France mark the war. The transformation is not confined to names of streets, squares and places. All German and Austrian names of products have already disappeared. Eau de Cologne is to be called Eau de Louvain or Eau de Provence. Viennese bread is now called Pain Liegeois.  
In the phonograph parlors all names of German pieces have been marked off the programs.

## HIGH GRADE ORE IN THE RED BUST

(From Sunday's Daily.)  
S. M. Waterman, one of the owners of the Red Buck group of mines in Walnut Grove district, exhibited samples of ore yesterday that attracted very much attention from mining men, the values being substantiated as extraordinarily high by the assay certificates shown.  
"The average of the eight-inch vein is \$500 to the ton," Waterman stated, and the ore is free milling. The Red Buck was originally located many years ago by the Waterman Brothers, and sold to an eastern syndicate. Default in payments was made, and after years of litigation ownership reverted a short time ago to the owners. The cleaning out of the levels required quite an expense and considerable time, but now exploration is again going ahead.  
According to reports of miners from that section, the property has the earmarks of a future bonanza. In early days the ore was treated by an astrata, and streaks were struck that gave returns of over \$100 to the ton by this crude process of reduction.

## SPOILS OF WAR.

WASHINGTON, D. C., Dec. 10.—A statement by Japanese Foreign Minister Kato, in the diet that Japan has made no promise of the return of Kiao-Chow to China, has attracted much interest in official circles here. Secretary of State Bryan did not comment thereon, referring his inquiries to his previous statements.

## TEACHERS WILL MEET SOON AT PHOENIX

LOW RATES OFFERED BY  
THE RAILROADS; MANY  
EXPECTED TO ATTEND  
FROM YAVAPAI

(From Tuesday's Daily.)  
County Superintendent W. Curtis Miller is anxious to have Yavapai county well represented at the meeting of the Arizona State Teachers' Association which meets in Phoenix, December 28th and 29th. There will be a fare of one and one-third regular price for the round trip over the Santa Fe, and arrangements have been made to carry out an especially interesting and beneficial program this year. The executive committee of the association which is endeavoring to make the coming meeting a great success is composed of I. D. Payne, Tempe, C. F. Philbrook, Bisbee, and C. Louise Boehringer, Yuma, and they have assisted in preparing the program. Among the subjects which will be discussed at the meeting are the following:  
Medical Inspection.  
Retardation of Pupils.  
An Educational Survey.  
Report of School Lay Committee.  
The Six and Six Plan.  
The Selection of State Text Books.  
Vocational Education.  
The County Unit.  
Mr. Miller says that many of the teachers in Yavapai county are arranging to spend their vacation during the holidays at Phoenix and attend the meeting and he desires to swell the number to the largest possible maximum. It is an opportune time for teachers to attend, and the expense will be small, considering the low rates that are available.

## LIST OF THINGS NOT WANTED BY SPUGS

NEW YORK, Dec. 14.—While the famous "spugs" as the members of the Society to Prevent Useless Giving are called, have been doing much to discourage useless giving, they have until recently failed to make public a list of things wanted and not wanted. During the past few days several lists have appeared for the guidance of Gotham's spugs. The best list to make its appearance up to date is as follows:  
**Things Not Wanted.**  
Cut glass inkwell.  
Velvet slippers with embroidered rosebuds.  
Purple or red neckties.  
Any hand made thing with bows or baby ribbon.  
Empty steins.  
Thoughts for the pure bound in violet silk.  
Pink silk pajamas.  
Pearl handled manicure set.  
Pink satin pin cushion in the form of a leg.

## ROBBERY CASE FAILS IN JUSTICE COURT

(From Sunday's Daily.)  
After a preliminary trial yesterday before Judge McLane, A. B. Griffin and A. H. Harroff, charged with the crime of robbery, were discharged on motion of the county attorney, the evidence being insufficient to sustain a conviction in the superior court.  
The two men were arrested a few days ago on a complaint sworn out by Dave Williams, engineer at the railroad power plant. Williams alleged that the men assaulted and robbed him near the Santa Fe depot on July 28, 1914, one month after which time he made the complaint. Soon after the date on which it was alleged the crime was committed the men left town and did not return until recently. Williams at the trial identified Griffin but said he could not remember Harroff. He was positive in his statements that he was assaulted and robbed, but both of the accused men testified that they had not committed the crime. Griffin said that he did have a fight with Williams near the depot but that no robbery occurred. Bud Fitzsimmons appeared in behalf of the alleged robbers, and testified that on the evening of July 28th, the date the robbery was alleged to have occurred Williams was in such a state of intoxication he was not exactly at himself.  
Griffin and Harroff had been in the county jail since their arrest. After Griffin was placed in jail Harroff came there to see him and the officers also incarcerated him.

## WOMEN GUNNING IN POLITICAL RESERVE

ASK HOMER WOOD, J. I.  
GARDNER AND DAVID  
BILES TO RUN ON NEW  
CITY TICKET

(From Tuesday's Daily.)  
From the tone of the atmosphere Saturday, Sunday and yesterday, there is going to be some fun at the coming city election, if not at the city nominating primary which is to be held today. And it is not going to be all among the men. It was determined Saturday at the meeting of the Yavapai Council of Women Voters that the women would take a hand in city affairs to the extent of placing a ticket in the field in opposition to Mayor Timerhoff and Councilmen Heap and Head. And it was further determined that the public should know just as little as possible about the new movement.

And in addition to these "determinations," a pretty good sized row was started brewing in the said club because of the manipulations on the part of the women who believe they can pull off a political stunt of the dimensions of Granite Mountain without the general public knowing anything about it, as against the views of those who oppose the movement and believe in coming out in the open.

**Very Innocent.**  
Yesterday morning when it was noised about the city that the women were on the warpath and that the first tom-tom had been beaten Saturday in opposition to the only men who have filed nomination papers for the primary election to be held today, a Journal-Miner representative called up no less than ten members of the Yavapai Council of Women Voters and asked for the details of the meeting Saturday, and not one of them who responded would give out anything. Mrs. Lowry, president of the club, said she had sent in her resignation Saturday and was not present. Mrs. Munds, state senator-elect, who is one of the leading members said that a press committee had been appointed Saturday who would give out anything "if they thought it should be made public," but said "she did not know whether they thought best to make the proceeding public." And who composed this committee could not be ascertained. Later in the day however, it was ascertained that the committee appointed to interview the three men selected to run for the three city offices to be filled was composed of Mrs. E. S. Clark, Mrs. C. R. Staples, Mrs. O. B. Marshall, Mrs. J. T. Richards, Mrs. Dr. McNally and Mrs. Scott. It was also ascertained that this committee, or a part of them, called on Homer Wood and asked him if he would consent to be a candidate for mayor in opposition to Mayor Timerhoff. Mr. Wood stated to a Journal-Miner reporter that he did not know whether he would or would not consent to run. Mr. David Biles, who was importuned by the committee to run for councilman told the committee that he would not "even consider the matter." And Mr. J. I. Gardner, who was also asked by the committee to run for councilman, absolutely refused to make the race. This leaves the question in statu quo, as it were, with reference to councilmen, and not absolutely definite with reference to mayor.

It seems that the opposition was engendered by the action of the city council with reference to the city library and subsequent interview with Mayor Timerhoff in which he suggested that the churches of the city take care of the library during the period when a policy of retrenchment was in progress on account of the lack of revenue. It was stated on the streets and in many business places yesterday that the opposition may not develop at the primaries today to any material extent, but that if Mayor Timerhoff, H. W. Heap and A. J. Head were nominated it was probable another ticket would be put in the field by petition before the city election was held. It seems that the opposition is more in the direction of mayor than anyone else, and it is more than likely Homer Wood will be a candidate.

## Mayor Stands Pat.

Mayor Timerhoff yesterday said he had nothing to say on the subject. He seems content to stick to his position stating that he had not changed his mind on anything he had either said or done with reference to the library.

educational purposes in the first place but since election it has been meeting regularly and considering many things with reference to various political questions which are before the people.  
When the women's council met on Saturday it was not long in session until the matter of the city election was broached and some of the women present at once declared that a fight should be made on the men who had filed nomination papers for mayor and councilmen. Others objected, but they did not persist in their views with sufficient energy to win, and the adoption of a resolution to appoint a committee to if possible induce the men named to become candidates followed.

**Primaries Today.**  
The city primary occurs today in the Odd Fellows' building on Cortez street. There will be but one polling place, and this will open about eight o'clock and close at six p. m. Johnny Aitken and Mrs. Edith Ruffner will serve as clerks of the primary and Mayor Timerhoff and the city council as judges and inspectors. But one ticket has been printed, and people desiring to vote for others than those whose names appear on this will be required to write the names on the ticket.

It was stated at the city hall yesterday that about seventy-five people have registered since the register was opened to the public some month or more ago, to give all not already registered an opportunity to qualify as electors.

## CAUSE OF DEATH ASTOUNDS THE DOCTORS

(From Saturday's Daily.)  
What medical men pronounce as one of the most exceptional cases ever known to cause death, was that reported as taking place a few days ago, at Ash Fork, when Mrs. Lescandra Beryl died from the effects of neuralgia of the eyes.  
The direct cause of death however, was from a shock, when the left eye was thrown from its socket onto her cheek, and in an instant burst. Previously, Mrs. Beryl complained of passing through an unusually severe attack, having been afflicted for many years. When she realized what had taken place, she swooned away, and two hours later was a corpse. She was a widow and the grandmother of Walter Peck, the rangeman of that section. She was aged 81 years. The remains were shipped yesterday to relatives at Mertzon, Texas.
